hale, Twisted, and more!

Hope Community Health Center exists to provide affordable compassionate health care for the uninsured that addresses physical, emotional, spiritual and social needs while sharing the love of Christ. HCHC opened in September 2007 in Chandler and now has over 1,200 patients. This benefit will raise money so HCHC can begin dental work and continue their family practice health care for the uninsured. HCHC is a nonprofit and all donations are tax deductible. HCHC can receive Arizona tax credits for the working poor since it serves a low income population.
